The Service Plus Cart offers something unique. It helps schools achieve their total cart solution with greater ease, complete with installed chargers or even loaded with asset-tagged devices.

Fully-Loaded

Multiple service levels enable you to choose how your carts are configured including a pre-wired option.

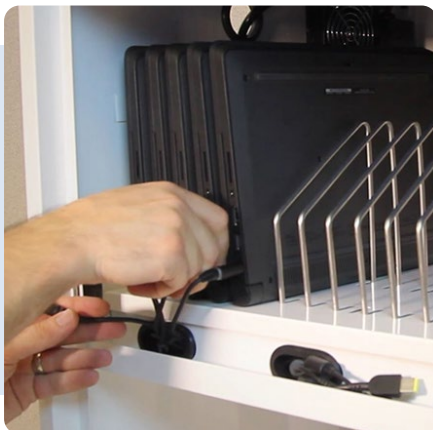

Complete Feature Set

Featuring efficient cable management, all-steel construction, and the industry-leading Intelligent Charging System.

Lifetime Warranty

Service Plus Carts are available with an optional lifetime warranty covering the entire cart including electrical.

How Does it Work?

JAR Systems works with certified service **partners nationwide** to provide the Service Plus Cart. With multiple service levels, an optional **lifetime warranty**, and the Intelligent Charging System, investing in the Service Plus Cart *just makes sense*. Reach out to your IT provider to ask about the Service Plus Cart or contact JAR systems.

Powerful Charging in a Small Footprint

Utilize the powerful Intelligent Charging System with a compact, lightweight storage solution that **won't break the bank**. Easy to use, dependable charging, and sturdy steel construction make this cart an **economical solution**.

What's Included		
Intelligent Charging Cart	MD-5135-SP	39.5"H x 24"W x 21.75"D including handles & power unit 5" Casters 116.8 lbs Max Devices Size: Up to 10.5"H x 1.5"W x 15.25"D (20 Bays) Up to 10.5"H x 1.25"W x 15.25"D (22 Bays) Up to 10.5"H x 1"W x 15.25"D (30 Bays) (3) 10-Outlet Power Strips (1) 12' power cord to the wall UL rated at 15A Intelligent charging with built-in circuit breaker protection and inrush current limiter.

Lifetime Warranty	MD-50-LW	JAR System's standard warranty extended for the entire life of the cart.

The MD-5135-SP is available through select technology reseller partners. Contact JAR Systems for partner recommendations.

Never Buy Another Charging System

The Intelligent Charging System uses power sensors and charging logic to deliver the **fastest, most efficient charge**. It always charges as many devices at once as possible, charging up to a full cart of devices simultaneously. It connects all devices to a single power source and you never have to worry about tripping a circuit breaker.

Power for Peripherals

An auxiliary power outlet lets you connect and control power to peripherals alongside the devices. Removable dividers allow for clear shelf space when the cart is not full. **Ask about configuration options for printers.**

Effective Cable Management

Features a simple cable management scheme that endures repeated use. A/C adapters are stowed away beneath the shelf, which can be secured to prevent the removal of cables. The cart supports both in-line and outlet chargers.

Easy to Transport

Secures and transports up to 40 devices with ease. **Weighs in at over 100 lbs less than other carts.** Features top and bottom handles for easy maneuverability. Great for sharing technology between classrooms.

Adjustable Device Bays

Features multiple hole patterns on the trays so that the carts are interchangeable between 20 bays at 1.5" wide, 22 bays at 1.25" wide, and up to 30 bays at 1" wide.
