

ULTRA-LIGHT INTELLIGENT CART

MD-5130-SMART

JAR SYSTEMS[®]
mobile solutions for education and training

Powerful Charging, Smallest Footprint!

Efficiently Charge and Secure

Any Type of Device up to 14"

Great for up to 30

Chromebooks, Tablets,

Netbooks, & More!

Featuring the Intelligent Charging System

Efficiency on a Budget

- Our **easily upgradable configurations** allow you to get not only what you need now, but still be able to add on in the future if necessary. **Now even smaller than the Ultra-Light MD-5140.**
- Easy to use, dependable charging and sturdy all steel construction makes this cart an **economical solution for large and small class sizes alike.**

Easy to Transport

- Secures and transports up to 30 devices with ease. **Weighs in at over 100 lbs less than other carts.**
- Features top and bottom handles and 5" industrial grade casters for easy maneuverability over different floor surfaces and thresholds. **Great for modular classrooms.**

Best in Class Charging

- **Power sensors and charging logic** deliver the fastest possible charge and you never have to worry about tripping a circuit breaker.
- **LED status indicators** tell you how long the devices take to charge, which devices are receiving power, and when charging is complete.

Never Buy Another Charging System

Having first developed the Intelligent Charging System seven years ago, JAR Systems is the industry pioneer in intelligent charging of mobile devices. Our Intelligent Charging System has been developed to be both powerful and easy to use. Just press one button to start charging!

Lenovo Thinkpad 11" Chromebooks

Cut Wiring Time

Cart features a simple and effective cable management system, making set up easy. AC adapters are conveniently stowed away in a lockable storage compartment below the shelf, no clips or ties required. The cart supports both in-line and outlet chargers.

Power for Peripherals

Auxiliary power outlet allows you to connect and control power to peripherals alongside the devices. Removable dividers allow for clear shelf space when the cart is not full to 40 device capacity.

Secure 3-Point Locking

3-point locking mechanism with steel swing handle and key lock keep devices protected.

Smallest Rolling Footprint

Only 20" W x 20" D, this cart will not take up valuable floor space. With 5" industrial grade casters, it's easy to move and steer.
