## Efficient USB-C Charging

Quick-Sense USB-C charging identifies the devices' power needs to deliver a fast and balanced charge, up to 65W per port.

## Save Space

The stations may be mounted to a wall or secured to a desk, saving floor space. Place two or more stations in separate areas to ease traffic.

## Reduce Lengthy Wiring

The Essential 16 is a low-maintenance solution, eliminates the need for AC adapters, and saves technology teams time and resources.

Essential 16 USB-C Charging Stations save technicians time by eliminating AC Adapters and maximizing valuable classroom space and learning time. These compact, lightweight charging stations can be conveniently mounted to a wall or secured to a desk and efficiently charge up to 16 devices of any type, without having to re-wire stations. Don't forget to spread team spirit—these solutions are also available in our line of School Pride colors in addition to the standard color blue.

Emulator Adapter Cables

## Never Wire Charging Carts Again!

### Universal Compatibility

Connect any device to the provided USB-C to USB-C dongle cables or get emulator cables for another port type.

### Easy Serviceability

Quick-Sense USB-C Charging Hubs are self-contained and easy to remove from the cart should they ever need service.

### Always Ready to Charge

Dongle cables lock in place, so they are right where they are needed. Plug in a device at any time to start charging.

## Features That Are Essential to Schools

### Secure Open Design

The locking system prevents devices from being removed while providing an open design that allows teachers to see that all devices have been returned at a glance.

### Speedy Deployment

Multiple charging stations can be used for higher quantities of devices. This can also increase the speed of deployment as students may form multiple lines to retrieve their devices.
