We Understand the Challenges of K-12 Technology Landscapes.

You deserve a charging solution that actually works in real classrooms — not just on a spec sheet. JAR Systems understands the pressure IT teams face. For years, we've helped districts eliminate charging chaos and reclaim valuable time.

We are the pioneer and proven leader in USB-C Power Delivery charging for K-12.

We introduced USB-C PD to education long before it became the industry trend — and we've spent every year since refining, engineering, and perfecting it.
