Adapt4 AC

Charging Stations

For Tablets, Notebooks, or Chromebooks Up to a 14" Screen Size

Features and Accessories

[View Back >>>](#)

Scalable Solution

An easy and more organized way to supplement charging on an organization-wide scale.

Light, Yet Strong

So it can be moved around and still withstand high traffic environments.

Easy Upgrade to USB-C

Get the AC version for non USB-C devices and easily upgrade it with USB-C charging later.

Adapt4 Charging Stations were developed to help your organization cut down on disruptions by providing an easy and quick way to add charging in classrooms or central areas. They are a convenient solution for a variety of settings including in 1:1 take-home programs when devices have been drained from prolonged use, as a home for spare devices, or for small device sets. When charging adapters are not present or there are not enough accessible outlets, these stations provide an ideal location to plug in and get the extra boost needed to get through the day's lessons.

SPECIFICATIONS

- 4 Device Bays
- Device Bay: 10"H x 1.3"W x 15"D
- Dimensions: 13.75"H x 9"W x 15.5"D

- Protects devices from electrical surge
- Compatible with Kensington style lock
- Locking cable storage compartment
- Optional wall-mounting bracket

Upgrade to an Adapt4 USB-C Charging Station

It's easy to upgrade to the adapter-free USB-C version of the Adapt4 at any time. Simply replace the removable power cable tray with the Quick-Sense USB-C module.

Features That Are Essential for Schools

Strong, Compact Design

Built to last, this station's durable metal design is perfect for everyday use. It is light enough to be transported, yet large enough for a 14" device.

Store Chargers Out of Sight

Easily organize power cables in the pull-out cable tray. Lock the tray to prevent removal and provide security in central charging areas.

Customizable Security

This station provides flexibility for open charging, but it can also be locked for device security. The front door can even be completely removed.

Options and Accessories**

Wall Mounting Bracket

One of the many benefits of the Adapt4 charging station is its sleek, compact design. When space is limited use a wall mounting bracket to quickly store the station out of the way. It securely stores the station out of the way without using up any table or desk space.

Shortened AC Power Cable Packs

The charging cables that come with your notebooks and Chromebooks are longer than needed for use in a charging station, but they don't have to be! Using shortened AC power cables with your standard chargers allows you to cut down the length of the cable that you need to bundle up by two feet or more.

**All options and accessories are sold separately and do not come standard.
