JAR SYSTEMS

Adapt4 USB-C
Charging Station

Easily Add Convenient, Supplemental USB-C Charging to Any Location!

Great for phones, tablets, Chromebooks, and more up to a 14" screen size.

Clutter-Free

No need for messy AC adapters! Save time by removing cable management processes from your team's workflow.

Efficient USB-C Charging

Powered by Quick-Sense USB-C PD Charging, devices automatically charge quickly and efficiently.

Easy-to-Scale Solution

A plug and play solution that provides hassle-free and organized, supplemental charging on an organization-wide scale.

The Adapt4 Charging Station was developed to help your organization cut down on disruptions by providing an easy and quick charging in classrooms or central areas. It is a convenient solution for a variety of settings, including in 1:1 take-home programs when devices have been drained from prolonged use, as a home for spare devices, or for small device sets. When charging adapters are not present or there are not enough accessible outlets, this station provides an ideal location to plug in and get the extra boost needed to get through the day's lessons.

Easily Adapt to Evolving Technology Landscapes

Strong, Compact Design

Built to last, this station's durable metal design is perfect for everyday use. It is light enough to be transported, yet large enough for a 14" device.

Wall Mounting Bracket

Use the wall mounting bracket to store the Adapt4 station out of the way. (ADAPT4-BRACKET Sold Separately)

Customizable Security

This station provides flexibility for open charging, but it can also be locked for device security. The front door can even be completely removed.

Included

Part Number: ADAPT4-USBC
The part number used for your order may vary due to custom configurations. Contact your IT vendor for your specific part number.

Specifications
