

Adapt4 USB-C

Active Charge Upgrade

Actively charge devices while they are in use—anywhere!

Cables available for other types of charging ports!

x4

Spend Less

More affordable and practical than other options for at-the-desk charging and the Adapt4 USB-C station provides long term value.

Get More Mileage

Allows schools to get more use from their current devices, but also remains useful for new USB-C devices in the next refresh.

USB-C Technology

Adapt4 features Quick-Sense USB-C power delivery, which identifies the devices' power needs to deliver a fast and balanced charge.

The Active Charge upgrade for Adapt4 USB-C Charging Stations provides a better way to keep an active device in each student's hands. Easy to implement, it saves districts time by including all essential items such as four power banks to actively charge devices while in use, adapters to connect older devices, and a USB-C charging station for both the power banks and mobile devices.

Features and Accessories
[View Back >>>](#)

Make Old Device Batteries Last All Day

Connectors for Non-USB-C Devices

Get cables for connecting the power banks to devices with other types of charging ports. Cables are available for most major device types.

Versatile, Multi-Use USB-C Charging Station

Other power bank products include stations that charge only the banks. Adapt4 charges your power banks AND any devices that you may want to charge when not in use.

Powerful, High-Quality Power Banks

Active Charge power banks are durable machines with 65W output, sufficient for notebooks, Chromebooks, or tablets. They are capable of charging a powered-down device to 98% in 1h20m.

Wall Mounting Bracket

Use the wall mounting bracket to store the Adapt4 station out of the way. (Adapt4-BRACKET Sold Separately)

Customizable Security

This station provides flexibility for open charging, but it can also be locked for device security. The front door can even be completely removed.

Included

Part Number: A4USBC2YPB

The part number used for your order may vary due to custom configurations. Contact your IT vendor for your specific part number.

- 1 Adapt4 USB-C Charging Station
- 4 Active Charge Power Banks
- 4 USB-C to USB-C connector cables

Warranty

- Station Enclosure | Lifetime
- Quick-Sense USB-C Charging Hub | 2 years
- Active Charge Power Banks | 1 year
- Cables | 1 year

Specifications

Adapt4 USB-C Charging Station:

- 4 Quick-Sense USB-C PD Charging Ports
- Bay Dimensions: 10"H x 1.3"W x 15"D
- Dimensions: 13.75"H x 9"W x 15.5"D
- Weight: 19 lbs empty
- Input | 120V 50/60Hz 2.2A
- Output | 5V@3A/9V@3A/12V@3A/15V@/20V@2.25A
- 45W output max per USB-C port
- Overcurrent, overvoltage protection
- External, replaceable power cable
- Removable front door with padlock hasp
- Individually keyed padlock with 2 keys included

Active Charge Power Banks:

- Dimensions: 6.17"H x 2.92"W x 0.98"D
- Weight: 0.85 lbs
- 20,000 mAh, 74Wh Capacity
- USB-C PD 3.0 Port (1):
 - Input | 45W Max. 5V=3A/9V=3A/12V=3A/15V=3A/20V=2.25A
 - Output | 65W Max. 5V=3A/9V=3A/12V=3A/15V=3A/20V=3.25A
 - Low-current charging mode for low-powered peripherals.
- USB-A Quick Charge 3.0 Ports (2):
 - Output | 18W Max. 5V-V=3A/6V-9V=2A/9V=1.5A
