Charge and Secure  
Devices in an  
**AC Adapter-Free**  
Charging Solution!

## Efficient USB-C Charging

Flex-Share stations feature Quick-Sense USB-C charging hubs that identifies the devices' power needs to deliver a fast and balanced charge.

## Save Space

The Flex-Share 32 User Mobile Bundle comes stacked two-high to adapt to flexible layouts and may be easily made mobile with casters.

## Reduce Lengthy Wiring

The Flex-Share Station is a low maintenance solution, eliminates the need for AC adapters, and saves technology teams time and resources.

Flex-Share USB-C Charging Stations are adaptable to flexible classroom layouts, device sharing, and more. Best of all, Quick-Sense USB-C saves technicians' time by eliminating AC Adapters. The removable/reversible doors allow for adaptability to the space it is being used in. The Flex-Share 32 User Mobile Bundle efficiently charges up to 32 Chromebooks, Tablets, or Notebooks, without having to wire stations with AC adapters. Always be aware of your devices' charging status with Quick-Sense LED status indicator lights.
