

# Ready-to-Go Power Bank Kit

Enable Students to Charge Devices While They Work!

(Laptop not included)

**4X**

20,000 mAh

**Active Charge Power Banks**

with 65W USB-C 3.0 Charging Port

4x USB-C to USB-C Connector Cables

4x USB-C AC Adapter Charging Cables

## Clutter-Free

Power banks provide rapid USB-C PD technology to charge devices while they are in use without AC adapters, outlets, or running extension cords.

## Portable Charging

Easily provide at-the-desk charging to classrooms. Power banks can also be placed in centralized areas for students to check-out as needed.

## Get More Mileage

Extend battery runtime to maximize the use of older devices. USB-C PD emulator cables enable connection of devices that do not have a USB-C charging port.

Add Ready-to-Go Power Bank Kits to your favorite carts or stations. The portable power banks fully recharge in under 2.5 hours for easy at-the-desk charging throughout the school day. They are equipped with 65W USB-C power delivery for hours of charging.

**65W Laptops**  
1.3 Full Charges  
1.5 Hours/Unit

**Tablets**  
2.5 Full Charges  
1.25 Hours/Unit

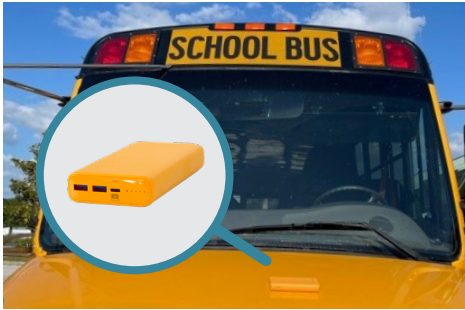

**Smartphones**  
4 Full Charges  
.55 Hours/Unit

Charge times are based on powered down devices.

**More Options! See Back...**

## Charge Devices without AC Adapters or Outlets!

### Easy-to-Spot Power Banks

The "school bus yellow" color of these Active Charge Power Banks makes them easy to locate and differentiates them from other school-issued or personal student devices.

### Designed for Education

Active Charge Power Banks with 65W output are perfect for student devices. The included high-quality 45W USB-C AC adapters withstand the demands of academic environments.

### Connect to Non-USB-C

Active Charge Power Banks can also charge devices that do not have a USB-C charging port using emulator adapter cables, available from JAR Systems for the most common charging ports. (not included)

## Quality Components for Active Charging

### Ready-to-Go Power Bank Kit

Part No. KIT4AD45PBYL

- 4 - Active Charge Power Banks
- 4 - USB-C 45W AC Adapter Charging Cables
- 4 - USB-C Male to USB-C Male Connector Cables

### Active Charge Power Banks:

#### Power

- 20,000 mAh, 74Wh Capacity
- **USB-C PD 3.0 Port (1)**  
Input/Output: 5V=3A/9V=3A/12V=3A/15V=3A/20V=2.25A | 45W Max. Output  
Input | 65W Max. Output  
Low-current charging mode for low-powered peripherals.
- **USB-A Quick Charge 3.0 Ports (2)**  
Output: 5V-V=3A/6V-9V=2A/9V=1.5A | 18W Max.

#### Safety

- Carries UL, CE, and cETLus safety certifications.

#### Dimensions

- 6.17"H x 2.92"W x 0.98"D
- Weight: 0.85 lbs

#### Warranty

- 1-year warranty

### USB-C AC Adapter Charging Cables:

#### Power

- 45W Max. USB-C charging output.
- Over current, over voltage, and short circuit protection with automatic recovery.

#### Safety

- Carries UL, CE, and FCC safety certifications.
- Conforms to LVD, EMI, and EMC safety standards.

#### Dimensions

- Transformer Dimensions: 2.36"H x 2.36"W x 1.18"D
- AC Cable Length: 19.7"
- DC Cable Length: 68.9"
- Weight: 0.5 lbs.

#### Warranty

- 1-year warranty
