Library Check-Out USB-C Charging Solution

Make At-the-Desk Charging a Reality with Centralized Power Bank Check-Out

Ready-to-Go

Library Check-Out with Quick-Sense USB-C Charging is easy to get started with. Just plug in the charging station and connect the power banks.

Reduce Disruptions

Power banks enable students to charge devices while they work at their desks or any other location, regardless of outlet or charging cable availability.

Efficient USB-C Charging

Powered by Quick-Sense USB-C PD charging, the Flex-Share USB-C Station intelligently distributes power to your devices without using AC adapters.

Library Check-Out Charging Solutions include everything you need to make active charging of educational devices available to students from a centralized check-out station. When placed in libraries or media centers, it provides an easy way for students to keep devices charged as they work from any location without being tied to an outlet or having the device's AC charging cable present.

JAR SYSTEMS

A Simply Powerful Bundle

Visible Power Banks

Power banks in "School bus yellow" are great for differentiation from other devices. They provide ample power for students to charge while they work on their lessons.

Easy Asset Tracking

Each power bank comes individually serialized and barcoded, so you can keep track of them along with other assets in your management program.

Versatile Charging Station

Flex-Share Charging Stations are highly versatile and can also charge and secure other devices. They can be wall-mounted, stacked, or made mobile with casters.

Connectors for Non-USB-C Devices

Get cables for connecting the power banks to devices with other types of charging ports. Cables are available for most major device types.
