Efficient USB-C PD Charging

Quick-Sense EDU charging identifies each devices' power needs to deliver a steady, fast, and balanced charge for chromebooks and tablets.

Optimized for Students

The Quick-Sense EDU Line optimizes charging for devices with lower power demands to reduce battery heat and extend battery life.

Always Ready to Charge

Connect any device to the provided USB-C to USB-C dongle. Cables lock in place, so they are always where they are needed. Mix and match devices with emulator cables for different port types.

Stop Wiring Carts

Eliminate the need for AC adapters, saving your teams' time and resources, with our low-maintenance solution.

Included
