

Open6 USB-C

Charging Station

JAR SYSTEMS

Add Convenient, Supplemental USB-C Charging to Any Location!

Great for Chromebooks, tablets, power banks, and more up to a 14" screen size.

Clutter-Free

No need for messy AC adapters! Save time by removing cable management processes from your team's workflow.

Efficient USB-C Charging

Powered by Quick-Sense USB-C PD Charging, devices automatically charge quickly and efficiently.

Easy-to-Scale Solution

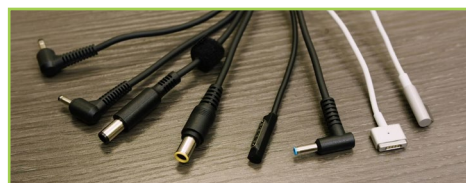

A plug and play solution, Open6 provides a hassle-free way to supplement charging on an organization-wide scale.

Make charging more accessible with the Open6 USB-C Charging Station. The Open6 provides a durable platform to organize multiple devices for charging. Powered by Quick-Sense USB-C PD charging, it intelligently distributes power to your devices without AC adapters, reducing cable clutter.
