Product Overview

Elevate USB-C Charging Carts

The Elevate line of USB-C charging carts eliminates the need to wire carts with AC adapters and creates a better experience for teachers and students. Powered by Quick-Sense USB-C PD charging, Elevate carts intelligently distribute power to your devices without using AC adapters. These carts are good solutions for sharing device sets between rooms, 1:1 in-class technology programs, and enable easy transportation of devices for summer maintenance.
